

# But Nobody Knows

[Alex Palmieri](#)

I'm watching You go through that door (it) seems like will be the last time You'll do (it)

My baby I know that you know , It's time for us to pay the dues

And You're telling everybody that I am nothing but trouble

But when You look yourself into the mirror how You feel , yeah well nobody knows - Nobody knows You  
know My love - Is everything you needed

you know my love - is not something you can play with

you know my love, you know my love - it's leaving here with meI'm sitting all alone in my room just trying to  
find the words to write my song (and all I can say)

Is that I spend all my time with you, but now I know You're not the one I used to know

And all the time you cried , all the time I lied , just to find a way to go out

And You're picking up appearances just wearing up your smile , yeah but nobody knows - nobody knows  
I clearly remember the way You said "It's over but keep trust in me"

Now I don't like your game because You're playing at the russian roulette

And now all You care about it's just not lose your face with everyone else

Erotico - Ipnotico - Nobody knows how we felt togetherYou know My love - Is everything you needed  
you know my love - is not something you can play with

Ain' t nobody baby, ain' t nobody can understand the way I feelI'm sitting all alone in my room just trying to  
find the words to write my song (and all I can say)

Is that I spend all my time with you, but now I know You're not the one I used to know

And all the time you cried , all the time I lied , just to find a way to go out

And You're picking up appearances just wearing up your smile , yeah but nobody knows - nobody knowsIo non  
ti resterÃ² a guardare

seppellire le prove che ti incastrano, non ti accorgi che stai seppellendo anche noi  
forsÃ  mi lascerai affogare

copri tutti i difetti mentre scopri le spalle poi ti brucia la pelle

Indossi il tuo sorriso ma nessuno sa, nessuno sa

I'm sitting all alone in my room just trying to find the words to write my song (and all I can say)

Is that I spend all my time with you, but now I know You're not the one I used to know

And all the time you cried , all the time I lied , just to find a way to go out

And You're picking up appearances just wearing up your smile , yeah but nobody knows - nobody knowsCome  
to me my baby

Nobody knows - nobody knows
