Nothin' On Us

U.S. Bombs

Down the aisle my bride in black
You were water and I was the tide at the bar
I got in another fight I kissed the ground goodnightWe stole plenty, we spent every penny
Why not we're young and wrong
Bonnie and Clyde, they had nothin' on us
Except for murder money and bloodFrom here on out, I'll be poverty, I've got futureless
Heavenly dreams the brought me in
And I did my stretch, I learned my lessonWe stole plenty, we spent every penny
Why not we're young and wrong
Bonnie and Clyde, they had nothin' on us
Except for murder money and blood
