

# Empty Shell

[Shihad](#)

All the fables that you know  
Light 'em up and watch 'em blow  
So forget what you been told  
Evolution calling  
Bury the truth and bury it wellEmpty shell  
Explode  
Empty shell  
It's starting to showAll the damage that you sow  
Is coming back so watch it grow  
When you think you've had it all  
Evolution calling  
There is a secret that you'll never tellEmpty shell  
Explode  
Empty shell  
It's starting to showHell is raining down upon you  
Wait for the sky to fall  
And life goes grinding on  
Like a month of f\*\*\*ing SundaysEmpty shell [x4]
