Just Be Mine

[Cher Lloyd](#)

Yeah, yeah, okayYou say I don't treat you right
I say that you're too uptight
Then we have a stupid fight
I don't mean to hurt you but I doBreak up, and then take you back
Make you have a heart attack
Boom boom, there's a heart attack
I don't mean to hurt you but I doBe my buttercup, be my star
Beat it like a drum, beat it hard
Even though I'm out, in the night
Even though I'm wrong, just be mineBe my lover boy, be my spark
Be my fire boy in the dark
Even though I'm out in the night
Even though I'm wrong, just be mine boy
Just be mine, just be mine,Â just be mine, just be mine, boy
I want you likeSometimes, I'm a crazy chick
Do things that'll make you sick
But I get away with it
I don't mean to hurt you but I doYou say that that I make you wait
That's true 'cause I make you wait
Just one of the things you hate
I don't mean to hurt you but I doBe my buttercup, be my star
Beat it like a drum, beat it hard
Even though I'm out, in the night
Even though I'm wrong, just be mineBe my lover boy, be my spark
Be my fire boy in the dark
Even though I'm out in the night
Even though I'm wrong, just be mine boy
Just be mine, just be mine, just be mine, just be mine, boy
I want you likeI want you like
I want you likeI always messed up (I'm sorry)
Really mean it now (I'm sorry)
Just can't help myself (so naughty)
Uh uh uh, so naughtyI always messed up (I'm sorry)
Really mean it now (I'm sorry)
Just can't help myself (so naughty)
Uh uh uh, soÂ Oh
Boy
Oh just be mine
Oh, whoa

I want you likeI want you like
