

# So It Goes

## Rockpile

I remember one night the kid cut off his right arm  
In a fit to save a bit of power  
He got fifty thousand watts  
In a big acoustic towerSecurity's so tight tonight  
Oh, they're ready for a tussle  
Gotta keep your backstage passes  
'Cause your promoter had the muscleAnd so it goes and so it goes  
And so it goes and so it goes  
But where it's goin' no one knowsAnd so it goes and so it goes  
And so it goes and so it goes  
But where it's goin' no one knows  
In the tall buildings sit the head of our nations  
Worthy men from Spain and Siam  
All day discussions with the Russians  
But they still went ahead and vetoed the planNow up jumped the U.S. representative  
He's the one with the tired eyes  
747 for the midnight condition  
Flyin' back from a peace keepin' missionAnd so it goes and so it goes  
And so it goes and so it goes  
But where it's goin' no one knowsAnd so it goes and so it goes  
And so it goes and so it goes  
But where it's goin' no one knowsIn the air there's absolution  
In the wake of a snaky Persian  
On his arm there's a skin tight vision  
Wonder why she admires she is hissin'  
And so it goes and so it goes  
And so it goes and so it goes  
But where it's goin' no one knowsAnd so it goes and so it goes  
And so it goes and so it goes  
But where it's goin' no one knowsBut where it's goin' no one knows  
But where it's goin' no one knows  
But where it's goin' no one...
