

One World

Anouk

I close my eyes and imagine you're here
Did it all seem so hopeless given the chance?
I would ask forgive me I didn't do a thing to make you stay
I didn't say a word to make you stay
If I would have known Could I have tried to make it easier?
But I didn't do a thing
Or say a word, one word And I don't know why you're gone, now you're gone
No beautiful goodbye, you will never leave my mind
And it turns out to be so much different than our dreams
Now you're, you're a star in heaven My thoughts unsaid, stuck in my head
And it all feels so useless
Never forget to give all I have
Forgive me I couldn't do a thing to make you stay
And I couldn't say a word to make you stay
If I could have known Could I have tried to make it easier?
But I couldn't do a thing
Or say a word, one word And I don't know why you're gone, now you're gone
No beautiful goodbye, you will never leave my mind
And it turns out to be so much different than our dreams
Now you're, yeah, you're a star in heaven Still I don't know why you're gone, now you're gone
No beautiful goodbye, you will never leave my mind
And it turns out to be so much different than our dreams
Now you're, you're a star in heaven You're a star in heaven now
You're a star in heaven
Yeah, you're my star
