

# Geisha to Go

## Helmet

What are you doing watching family tv?  
Inviting jesus you're singing to me  
Twelve again now it's geisha-to-go and go  
Shit, shower, shave, sit and watch the show  
Young man waiting for a pig heart  
Might die tomorrow or get a brand new start  
My unemployment check must be lost in the mail  
No life without it, it's the last on sale  
Get a life  
Color scheme, say you discussed  
Cherry pop tart frosting now I dress you up  
Sit down little doggie, mouth open real wide  
Dream a big plate dinner, fill you up inside
