

# The Bitch Is Back

## Sinergy

Advisory - the following lyrics contain explicit language:

Once upon a time there was a harlot  
just one wrong look from a stranger  
who had taken all she could  
Beware the angel of death finally pushed her straight over the  
edge!  
she is evil!  
don't let her fool you  
hear my warning  
the bitch is back to show you  
what she's made of!  
She's known as the mistress of mischief  
the queen of the damned  
pumps the blood of hate inside her  
rage flows through her veins and  
You will be the first of many victims she has chosen execution style  
that she plans to terminate  
as the path to meet you fate Just the beginning  
of terror in the heartland  
she is dangerous!  
hearing voices  
sadistic messages from  
satan's minions! She's known as the mistress of  
mischief  
the queen of the damned  
rage flows through her veins and  
pumps the blood of hate inside her  
eyes of violet so hypnotic  
just one taste is deadly!  
just one look is blinding  
her lips have been laced with venom SOLO 1: Laiho  
SOLO 2: Laiho To her you are a waste of human life  
and should not be allowed to live

to satisfy her tainted needs!  
murder is the drug she feeds upon  
She's known as the mistress of  
the queen of the damned  
mischief  
rage flows through her veins and  
pumps the blood of hate inside her  
eyes of violet so hypnotic  
just one look is blinding  
her lips have been laced with venom  
just one taste is deadly!
