Forever Love

Color Me Badd

Now here we are the two of us,
And nothing's gonna come between us again.
Forever love I feel you with me
You're the sun that chases away the rain
I cherish all the love you bring
It's you forever and a day,
I love you more than anything
I can't throw that away my love.There's nowhere, Baby, unless you're here.
I could never let you down
By the way, I have wanted to say,
I will always be around forever, love.Inside my heart you'll never die,
you understand the man that hides deep inside.
So come to me I need you dearly
I'll never give you reason to say goodbye
There were times I made you cry
and times I wasn't there for you,
But for our love I'd even die
by you I'm gonna stayThere's nowhere, Baby, unless you're here.
I could never let you down
By the way, I have wanted to say,
I will always be around forever, love.You know girl, being with you
Has brought new meaning in my life
You give me so much happiness
Just to see you smile, gives me
The strength to go on
I cherish all the moments
We spend together, the laughter
The tears, they're all special to me
I guess what I'm really trying to say is that
I love youFor the memory of you
For all the times we shared together
For all we've been through, Forever love
"This bud's for you"
