Beautiful Music

B.J. Thomas

Once my life
Had no direction
I was lost as could be
I was caught in a world
Spinning around in misery
I needed a friend
You took me in and you touched my heart
With your song of love
You gave me a brand new startNow there's beautiful music
Flowing all through me
Just like you said
Angels singing
Joy bells ringing inside my head
Since you came inside me
Now I'm lost inside your loveI tasted just enough
To make me hunger for more of you
Now I'm hooked on your lovin'
And I don't wanna break loose
With my heart in my hand
I'm yours to command
I'll do what you say to
Just never let me go Lord
I'm so in love with youNow there's beautiful music
Flowing all through me
Just like you said
Angels singing
Joy bells ringing inside my head
Since you came inside me
Now I'm lost inside your loveNow there's beautiful music
Flowing all through me
Just like you said
Angels singing
Joy bells ringing inside my headNow there's beautiful music
Flowing all through me
Just like you said
Angels singing
