She Knows

John Fullbright

She knows a thing or two about me
She didn't learn in passing
She knows I'm scared of the dark
She knows I'll bleed on command
She knows I'll shut my mouth
If she'll take my hand
And just how cruel I can be
She knows a thing or two about me.She knows a thing or two about rain
She calls it holy water
It rained the day she was born
Oh, how her mama cried
The rain I've felt with her
I swear was electrified
She washes away my pain
She knows a thing or two about rain.Where could she go
That I would not follow
Leaving my sorrow behind?She knows a thing or two about love
She learned long before me
The day's already done
Before it has begun
And she's the only one
Who commands the sun
With her I will be
She knows a thing or two about me
She knows a thing or two about me.
