Embrace Destruction

the agony exists
and you can see it everyday
don't stand behind their judgement
enslaved by their powerlike the modern plagues
they are infesting your conviction
don't let them take you away
from the struggle that you are fighting for the truthtry to pull yourself from your grave
fight to take your life back , break these chainstry to pull yourself from your grave
fight to take your life back , break these chainsthis is more than a battle
this is the new crusade
this is the voice of a million people killed in the name of the bankers of the worldtry to pull yourself from your
grave
fight to take your life back , break these chainsthis is denial of trust
this is the new war...try to break your chains
they're doomed to failthey are doomed to fail (x)this is the human chance for rebellionreptilianthat's our revenge
that's our revenge (x)
