

Down with the Pew

Funnel Vision

Hey Shawn, yeah
Do you like bad guys, no
If you see a bad guy, whatcha gonna do
Pew pew pew, pew pew pew
Yeah man, I know you down with the pew
I'm down with the pew
But the question is are they
Locked and loaded, stocked and holding
He got the shots that be rocking and rolling
Popping the Hoppers, he fill it up dropper
You got the beef, he be bringing the pasta
Ratatatata
Get back you robber
He be that copper
So he'll aim to stop ya
All up on your side, his darts they gotcha
Nowhere to hide, let's get to the chopper
(Yeah) Let it fly, we going up high
Got that birds eye point of view
But you know that I be
Down with the pew
Tell me is you down too
I be down I be so down
Down with the pew
I be down with the pew
Tell me is you down too
(Yeah) If you ain't, then he'll
Kick you in your foot
And take your shoe
I be down
I be down with the pew
With that pew
Oh yeah
What it sounds like
Pew pew pew
Oh yeah
Pew pew pew pew pew pew
Wiggle that pew
Wiggle, wiggle that pew

I be down
Oh yeah
Say watch out when he comes
He got that Nerf gun
So yeah you better ru-u-u-un
Yeah, don't you come back no more
Cause you already know
That I...
I be down
(Oh yeah)
This little dude's a Savage
He got that rapid automatic
If you want it then you can have it
He will gladly hit you with it too
Don't be mad if it comes whipping through
Clip you bad and give them black and blues
Check his stats, he's nasty with the pew
Pew pew pew pew
Wiggle that pew
Down with the pew
Oh yeah yeah
Is you down too
Oh yeah-oh-oh yeah
I be down with the pew
Yeah I be down
