We'll Never Be Apart

Blackfield

You're walking on a cloud
In velvet perfect hair
When I'm dragging all the fire
But we'll never be apartYou're traveling around
I'm bleeding on the ground
It's just another dayBut we'll never be apart
We'll never be apart
We'll never be apart
We'll never be apartYou harvest all your luck
I'm in a paranoid attack
shivering inside
But we'll never be apartYou're juggling your guitar
Your crowd wants some more
But they're breaking through my doorBut we'll never be apart
We'll never be apart
We'll never be apart
We'll never be apartNo music touched the glass
I saw how everything collapsed
so I think of youBut we'll never be apart
We'll never be apart
We'll never be apart
We'll never be apart
