

Gorgeous Georgie

Stephen Malkmus & The Jicks

Gorgeous Georgie
Had his way with all the dames
They were staring
At his end zone
No sugar for William
The ____ shut him down
See him swearing
I'm not caring
I'm just drilling holes in ____ _ _____ day
Poor old Jethro
Nailed down to his job
See him sweating
Not forgetting
You're not with him
You're cruising with the bad kids in town
I'm not telling
Lies you're shelling
We are Bismarck, Ohio

It's not the way you do
It's not the way you do
It's not the wave you threw
It's not the wave you threw
Poor poor Ginger
She makes an appearance again
She is sleeping
With my cousin
He's down with soft rap
Snip snip
Bad trip
Left him alone
He's waiting outside
To make her his bride
She left him with your brother and a man who's named Clyde
So long for semi-moronic haze
You drive and form the dust
You drive and form the dust
You'll drive and form the dust
You drive and form the dust

You drive and form the dust
You drive and form the dust
