

Wake Up (feat. Kurt Kesedar & TC Carter)

Mikey P

(Ch)

can we wake up , i cant seem to sleep
too many sounds and flashing lights surrounding me.
can we get back,to the way it used to be
or are we running out of time,loosing you and me.

V1

everything is so fake today,nothing seems real Its like we waste away.
we're all on social-media but nobody is social.
everybodys texting but nobody is vocal.
I remember when we used to have a conversation,care for each other,concerned how our day went.
now memories are taken only through a lens,for snapchat views and to entertain friends.
the internet got everyone goin out their mind,recording everything just to put it online.
if it isnt on Facebook I guess it aint official,
it aint the public god then I guess I aint with you.
privacy is make-believe you cant even say to me that watchyou doin now wont be on display to see.
am not innocent I know am guilty of it too,
am just trying to make a change,tell me we cud do.

(Ch)

V2

I used to cherish the moments we had , we used to talk,whether it was good or bad.
when love is unconditional I couldn't help but listen to every word you said,I was too afraid of missing you.
now its like we are disconnected but I dont get it, I dont understand the direction that we're headed.
can I talk to you in person so I know u listenin,the smart phone is dumb it makes it all distant.
I just want to bring it back maybe try and fix it.My good girl is worth 10 bad bitches.
and I mean it when I say it cuz its true, cant let anything get between me and you.
we're distracted by the sounds and the flashing lights,too worried about a selfie and an instagram like.
nothing seems real too much lack of emotion,do it for yourself dont do it for promotion.

(Ch)

V3

I got one hand holding the cellphone(incase she texted me...)
but I got one heart beating to sound of(way it used to be)
in this crazy world cant tell if we're moving forward but I believe,gotta walk on , gotta walk on.

(Ch)

can we go back,can we go back.
can we gooo baackk.

(running out of time,loosing you and me)
