

# Amphetamine

## Superdrag

You're the next local superstar  
Take a bow if you get this far  
Nothin's real baby, make a move  
Some expected groove Prove it to the world  
Now drink and be real  
This is the last time Hard to conceal  
The flavor of strychnine  
Whenever you steal  
You make it the right line You're the next disappointing boom  
Burning out in the same black room  
Nothin's real if you read the news  
If you bled the blues Prove it to the world  
Now drink and be real  
This is the last time Hard to conceal  
The flavor of strychnine  
Whenever you steal  
You make it the right line Rollin' with some friends of mine  
Her love is an amphetamine  
Rollin' with some friends of mine  
Yeah, her love is an amphetamine Rollin' with some friends of mine  
Oh yeah, her love is an amphetamine  
Rollin' with some friends of mine  
Yeah, her love is an amphetamine Rollin' with some friends of mine  
Her love is an amphetamine  
Rollin' with some friends of mine  
Yeah, her love is an amphetamine
