

Sentimental Again

[Anne Haigis](#)

Saw a man on the moon
Yellow submarine cartoon
Took a ride on a e-type car
Went so far
Back rows and turn on lights
Couldn't get to sleep at night
All we need is love by satellite We could try and find
What we've left behind
Why don't we Put on the slowest 60's records we find
Watch a movie that was made in black and white
Share a sofa and talk all night so let's get
Sentimental again Fa fa fa sad song
I've been loving you too long
Sam and Dave and Otis yeah
Playing everywhere
Pink nails and bright blue eyes
Purple haze and cheap white wine
Had to make a phone call home
With another lie Cause the party
Was going
To last through the night Put on the slowest 60's records we find
Watch a movie that was made in black and white
Share a sofa and talk all night so let's get
Sentimental again
