

# Alone (Peter Luts Remix)

[Lasgo](#)

If only I had one more chance  
to change my life today  
Then I would never let you go All my friends keep telling me  
That I should leave you for a while  
So you must show your love to me  
And tell me what you feel I thought that even you had feelings for me too  
I know I was wrong  
And baby when you care, then I will be there  
By your side And now I stand here alone in the dark  
Without you  
There's nothing more that I would like  
Than be with you  
I close my eyes but I can't stop  
Thinking of you  
And now I stand here alone in the dark  
Without you
