Lovin' You Is Killin' Me

[Alabama](#)

You go out on the town feelin' alright
Leavin' me here alone, you're stayin' all nightYou're good to me do somethin' sweet
Tonight you're back out on the street
Lovin' you the way I do is killin' meYou're good to me do somethin' sweet
Tonight you're back out on the street
Lovin' you the way I do is killin' meI don't blame you for havin' fun
As long as I'm your only oneSo go on out, have a time, have a good time
Don't forget if he asks, you're still mineYou're tellin' me the same old lies
And I don't need your alibisLovin' you the way I do is killin' me
Lovin' you the way I do is killin' me
Lovin' you the way I do is killin' me
