Avalon

Gamma Ray

Walking through the mists again
Avalon, seem caught forever
I don't know where I belong
holding on and waitingEternity, a lonely grave
from the haze of time I'm calling
is our journey to begin
or am I only dreamingIn a land far away from here
like a star that's blinding
heaven's magic silently appeared
and I'm leaving for the dawnIs it true that i must sleep
forevermore, just watching changes
heaven knows the story is not over
and the knights will gather
Out in the cold, so long forgotten
leaving the past behind
so timeless we're here, and we will reappear
to find godFrom the land of make-believe
comes the faith of the unbeliever
and the eyes of god have turned away
from Avalon
And belief is the holy grail
of the fool and the mass deceiver
turning good into evil deeds
so rise from AvalonNow has come the point of no return
and i'm feeling fire, fill my veins
the torches starts to burn
and the quest is starting
it's up to you to be forgotten
saddle the horses now
the mindless shall fear when we all reappear
to rise upFrom the land of make-believe
comes the faith of the unbeliever
and the eyes of god have turned away
from Avalon
And belief is the holy grail
of the fool and the mass deceiver
turning good into evil deeds
so rise from Avalon13 knights to reappear
Merlin can you, can you hear

can you see the past and the tomorrowtell me can we now succeed
find the grail and turn the key
find a better future for us allride on out and make the world
brighter than a shiny pearl
for allHeaven knows I wait for thee
give my love eternally
I'm calling, calling for youon an island in the sun,
only wait for things to come
never think about tomorrow
building castles in the sand,
wait for you to take my hand
without fear and without sorrowSOLOFrom the land of make-believe
comes the faith of the unbeliever
and the eyes of god have turned away
from Avalon
And belief is the holy grail
of the fool and the mass deceiver
turning good into evil deeds
so rise from Avalonin the morning sun
our journey has begun
don't close your eyes and turn awayput and end to all the grief
to the pain from the make-believe
don't close your eyes and turn awayin the land of the unbeliever
tear the mask of the mass deceiver
don't close your eyes and turn awayin the rays of the morning sun
our journey has begun
don't close your eyes and turn away
