

# Highways

## The Isley Brothers

Well, I've been searching uphill down and around and 'round  
Life's lonely highway  
Just traveling 'round, nothing to be found  
Now I know, yes I know that leaving you was wrong So I'm coming on home, won't be long  
Now if I bring you back the love I had  
Would you see it through Well, I've been searching uphill down and around and 'round  
Life's lonely highway  
Just traveling 'round, nothing to be found  
Now I know, yes I know that leaving you was wrong So I'm coming on home baby, won't be long  
If I bring you back the love I had  
Would you see it through
