You Don't Want to Do That

Ned's Atomic Dustbin

My feet touch down but my head flies off
Seems all we have is all I've got
My feet touch down but my head flies off
If I keep my head will I still get lost?My feet touch down but my head flies off
If we go forward don't look back
I'd say you don't want to do that
It's too easy to sit on your hands and lost outMy skin turns brown but my hair goes white
If I keep my grip I will lose all sight
My skin turns brown but my hair goes white
I could stay in bed and get more uptightMy skin turns brown but my hair goes white
If we go forward don't look back
I'd say you don't want to do that
It's so easy to sit on your hands and lose outMy legs slow down but my brain won't stop
If it's all we have, then it's all we've got
It's all we have it's all we've got, it's enough
It's all we have it's all we've got, then it's
