

# The Question of U

## Prince

So what is the answer to the question of u?  
What do I look for? What shall I do?  
Which way do I turn when I'm feeling lost?  
If I sell my soul, now what will it cost?  
Must I become naked, no image at all?  
Shall I remain upright or get down and crawl? All of the questions in my life will be answered  
When I decide which road to choose  
What is the answer to the question of u?  
You
