

Razor Wire

The Obsessed

You got me rollin' in razorwire
You got me rollin' in razorwire
It's been real but I tell you it won't last
Part of your deal is taking me to task
I ain't no angel, I tell you if you ask
I can't get wrapped around the axle of the past
You got me rollin' in razorwire
You got me rollin' in razorwire
It's been great the best it's ever been
You said its fate and i think that sucked me in
Ask me to be yer man I said that it's okay
How can I love you if you put me in a cage
I drove my sidecar through your daddy's chainlink fence
I'd rather get high then pay the rent
Took a couple pot shots at the local C.I.
I can't love you, ain't no reason why
You got me rollin' in razorwire
You got me rollin' in razorwire
Now again the tables have been turned
Ain't no wrath like a mad man that's been burned
Ask me to be yer man, I said that that's okay
How can I love you if you put me in a cage
I drove my sidecar through yer daddy's chain link fence
I'd rather get high than pay the rent
Put a couple arrows in the local C.I.
Aimed for the liver but got him in the eye
You got me rollin' in razorwire
