

Unfurling a Darkened Gospel

Job for a Cowboy

Propel this solitary man in front of us with his corrupted global agenda muttering into his ears

Corporate money stuffed into his pockets to spread his darkened gospel

In the past the crowned once held the covenant to shape and develop a better world

Their influence and supremacy built by generating optimistic and confident perception offerings to their herds
of sheep

Time repeats itself and outspoken pledges continue to not succeed, the people have renounced trust in ideologies

Safety and protection is the contemporary vow for the role that will reinstall masterdom and control

To rescue us from uncertainty and peril that we are visionless to see or interpret

A threat that evidently needs to be fought in a manufactured, waged war

A vile misconception that has unfurled unquestioned while being exaggerated and disfigured
