

Is She Really Going Out With Him

Goldfinger

Pretty women out walking with gorillas down my street
From my window I'm staring while my coffee grows cold

Look over there! Where?

There's a lady that I used to know

She's married now or engaged or something

So I am told Is she really going out with him?

Is she really gonna take him home tonight?

Is she really going out with him?

Cause if my eyes don't deceive me

There's something going wrong around here, round here Tonight's the night when I go to all the parties down
my street

I wash my hair and I kid myself I look real smooth

Look over there! Where?

Here comes Amy with her new boyfriend

They say that looks don't count for much

And so there goes your proof Is she really going out with him?

Is she really gonna take him home tonight?

Is she really going out with him?

Cause if my eyes don't deceive me

There's something going wrong around here, around here But if looks could kill

There's a man there who's more down as dead

Cause I've had my fill

Listen you, take your hands from her head

I get so mean around this scene Is she really going out with him?

Is she really gonna take him home tonight?

Is she really going out with him?

Cause if my eyes don't deceive me

There's something going wrong around here, around here Something going wrong around here

Something going wrong around here

Something going wrong around
