Right Guy

S Club 7

Girl, you know I got a thing for you
That's right, I'm talking to you, you sexy thing, so fascinating
Girl, you know how much you want me to
Don't lie, that's why you call my phone
In the early mornin'Let me take you home tonight
Going in the candle light
Oh in my room, it's me you need girlIf you're looking for a man to take care of you
Do the things that you want me to
I'm the right guy, oh, I'm the right guy for youIf all you need's good company
Look no further come to me
I'm the right guy, oh, I'm the right guy for youGirl, you know I got my eyes on you
That's right, I'm talking to you, it's a fantasy what you do to me
And girl you know I got to be with you
Since shiver's running down my spine
When I think of how you could be mineLet me take you home tonight
Going in the candle light
Oh in my room, it's me, you need girlIf you're looking for a man to take care of you
Do the things that you want me to
I'm the right guy, oh, I'm the right guy for youIf all you need's good company
Look no further come to me
I'm the right guy, oh, I'm the right guy for youIf you're looking for a man to take care of you
Do the things that you want me to
I'm the right guy, oh, I'm the right guy for youIf all you need's good company
Look no further come to me
I'm the right guy, oh, I'm the right guy for youI say damn sexy
I wanna get you over here next to me
I pull your body ever so close to me
Baby girl your my world we're supposed to beNow, I'm looking in the mirror and what did I see
A lonely soul going out of control
I get back on track and follow the road
I gotta stay on my toes with the perfect poseIf you're looking for a man to take care of you
Do the things that you want me to
I'm the right guy, oh, I'm the right guy for youIf all you need's good company
Look no further come to me
I'm the right guy, oh, I'm the right guy for youIf you're looking for a man to take care of you
Do the things that you want me to
I'm the right guy, oh, I'm the right guy for youIf all you need's good company
Look no further come to me
I'm the right guy, oh, I'm the right guy for youIf you're looking for a man to take care of you

Do the things that you want me to
I'm the right guy, oh, I'm the right guy for youI'll be there for you, honey
