

# North Star

## Faithless

North Star, where are you?  
Come, guide me home  
This love won't end  
If I see you soon  
I can turn night to day  
I can explain  
Oh, please, North Star  
Come, bring me home  
It's been a long time coming  
But it's well worth waiting  
And I raise my hands  
And ask for nothing more  
If we are of the same mind finally  
It was worth the calamity of you being mad at me  
You know I've got feelings too  
They come stealing through and batter me properly  
Revealing my sensitivity  
We don't get this time for free  
Take my hand and promise me  
Your love and honesty  
And this soliloquy  
Will not have been in vain  
On our journey through life  
Let's take the slow train  
It's been a long time coming  
Waiting for the train  
But it's well worth waiting  
Take my hand and I raise my hands  
We don't get this time for free  
And ask for nothing more  
It's been a long time coming  
But it's well worth waiting  
And I raise my hands  
And ask for nothing more  
This bright start shining
