

# These Roads

## Pyogenesis

I hope these times carry on. No!  
I'm even sure that they will  
I dreamed the dreams of anxiety  
Now I know, they'll never fulfill  
Can't enter these roads again - no no no no no  
Can't enter these roads - Can't enter these roads  
Can't enter these roads again - now I know  
Can't enter these roads  
Now I changed my attitude  
Not certain - but I did  
"Yes or no" is no compromise  
It seems like I've to quit
