

# Everybody Feeling Something

## Marlon Roudette

Hey, now let me tell you something  
We got the place erupting  
We got the place erupting, hey, hey  
This is the mood we wanting  
Everybody feeling something  
We got the place erupting, eruptingStreet light feeds my soul  
Can't let go, feels like home  
Feels like a melody that's tryina break out of me  
Oh, oh, yeah, yeah  
Smoke fire three miles high, we catch light  
The sound feels right  
Works like a remedy  
I feel it healing me, yeahAnd if you're lonely where you are  
I'm always close, I'm never far  
I wanna heal your heavy heart, oh I  
You taught me how to love  
Oh, you got me wholeHey, now let me tell you something  
We got the place erupting  
We got the place erupting, hey, hey  
This is the mood we wanting  
Everybody feeling something  
We got the place erupting, eruptingStreet lights keep that glow  
Kingston roads, are in my bones  
They reach out in front of me  
A scene I don't wanna leave, no  
Smoke fire three miles high, we catch light  
The sound feels right  
Works like a remedy  
(Works like a remedy, oh babe)  
I feel it healing me, yeahHey, now let me tell you something  
We got the place erupting  
We got the place erupting, hey, hey  
This is the mood we wanting  
Everybody feeling something  
We got the place erupting, eruptingAnd if you're lonely where you are  
I'm always close, I'm never far  
I wanna heal your heavy heart, oh I  
You taught me how to love  
Oh, you got me wholeI feel it healing me, I feel it healing me, yeah

I feel it healing me, I feel it healing me, yeahHey, now let me tell you something  
We got the place erupting  
We got the place erupting, hey, hey  
This is the mood we wanting  
Everybody feeling something  
We got the place erupting, eruptingAnd if you're lonely where you are  
I'm always close, I'm never far  
I wanna heal your heavy heart, oh I  
You taught me how to love  
Oh, you got me whole
