

Fire on the Ocean

Jesse Harris

It's hazy
And way out in the distance
There's something with emotion
Like a fire on the ocean Burning
Turning into vapor
I'm strugglin' to find it
But I'm fallin' far behind it One day
The sky's gonna open
Leavin' but a notion
Of a fire on the ocean Dancin'
Tragic like a tango
The flames have no emotion
In the fire on the ocean
The fire on the ocean
It burns without emotion
The fire on the ocean
The fire on the ocean
