

Lighthouse

Patrick Watson

Leave a light on in the wild
Cause I'm coming in a little blind
Dreamer of a lighthouse in the woods
Shining a little light to bring us back home
Went to find you in the backyard
Hiding behind our busy lives
Dreamer of a lighthouse in the woods
To help us get back into the world
Cause I know I've seen you before
Won't you shine a little light on us now?
Won't you shine a little light in your own a backyard?
Won't you shine a little light in your own backyard?
Dreamer of a lighthouse in the woods
