

Shadowman

[Sarah Bettens](#)

Any time tomorrow I will lie and say I'm fine
I'll say yes when I mean no
And any time tomorrow the sun will cease to shine
There's a shadowman who told me so Any time tomorrow the rain will play a part
Of a play I used to know
Like no other used to know it all by heart
But a shadowman inside has let it go Oh no, let go of my hand
Oh no, not now, I'm down, my friend
You came to me anew
Or was it me who came to you, shadowman Any time tomorrow a part of me will die
And a new one will be born
Any time tomorrow I'll get sick of asking why
Sick of all the darkness I have worn Any time tomorrow I will try to do what's right
Making sense of all I can
Any time tomorrow I'll pretend to see the light
I just might, shadowman Oh, here's the sun again
Isn't it appealing to recline
Get blinded and to go into the light again Doesn't it make you sad
To see so much love denied
See nothing but a shadowman inside Oh, if you're coming down to rescue me
Now would be perfect
Please, if you're coming down to rescue me
Now would be perfect
