

Six Days (Remix)

DJ Shadow (Feat. Mos Def)

At the starting of the week
At summit talks, you'll hear them speak
It's only MondayNegotiations breaking down
See those leaders start to frown
It's sword and gun dayTomorrow never comes until it's too lateYou could be sitting taking lunch
The news will hit you like a punch
It's only TuesdayYou never thought we'd go to war
After all, the things we saw
It's April Fools' dayTomorrow never comes until it's too late
Tomorrow never comes until it's too lateYou hear a whistling overhead
Are you alive or are you dead?
It's only ThursdayYou feel a shaking on the ground
A billion candles burn around
Is it your birthday?Tomorrow never comes until it's too late
Tomorrow never comes until it's too lateMake tomorrow come, I think it's too late
