

Your Love (The Freedom)

Open Heaven

The sound of Your love beating for me You're calling me into amazing grace Nothing compares to Your glory
Better one minute here than a thousand days I want You, I need You now You see me through, forever and
ever - Your love's the freedom that I run to, I feel Your presence around me, round me, I know there's nothing
that you can't do, So let Your presence surround me round me, Your love's the freedom (2x) I feel Your
presence around me, round me (2x)- repeat verse and chorus- I will follow You, I will run to You (4x)- repeat
chorus twice
