

# Songs About

## Lindi Ortega

### Verse 1

Little red boots and a little black dress  
For every occasion I'm wearing my best  
When the curtains close and the lights go down  
I'll still be singing when no one's around

Hook  
I'll be singing a song straight from the soul  
Songs about loving and just letting go

Chorus  
Songs about laughing

Songs about crying

Songs about living

Songs about Dying

Verse 2

Just so you know I mean what I say  
But I am no poet not one of the greats  
I'm not perfect well nobody is  
Nor are the notes that escape from my lips

Hook  
So I'm singing a song straight from the soul  
Songs about loving and just letting go

Chorus  
Songs about laughing

Songs about crying

Songs about falling

Songs about flying

End Hook

I'll sing a song straight from the soul  
Songs about loving and just letting go

End Chorus  
Songs about falling

Songs about flying

Songs about living

Songs about dying

Songs about failing

Songs about trying

Outro  
Songs about loving

Straight from the soul

Cause that's all I know
