

Party In the Penthouse

Jake Miller

Verse 1:

Tonight we gon Party In A Penthouse

Ha ha! Well alright alright alright

Yeah look

This ain't no ordinary, average kinda night

Come on!

We know that we just can't afford to do this twice

No we can't

We only got one chance

So we gotta do this right

Yeah we living it up

Forget about all your plans

You could run and tell all your friends

We gon Party In A Penthouse

Reserve a room at the W

Panoramic top floor everybody's coming through

Bathrob and boxers

Calling room service ordering some lobster

And some cheese burgers in this bitch

Hotel staff is getting pissed

Cause they weren't invite to this shit

We gon dance with the maids

And pretend like we're Bill Gates

Throw this money like we just got paid

Chorus:
We gon Party In A Penthouse

We might be flat broke

But for one night feel like we made it

We gon Party In A Penthouse

We all wanna know

What it's like one night to be famous

Yeah, we gon Party In A Penthouse

Verse 2:
Just take the elevator right up to the sky

Come on

We at the top I hope you're not afraid of heights

We spent this money so we gotta do it right

Yeah we living it up

Forget about all your plans

You could run and tell all your friends

We gon Party In A Penthouse

Taking shots at this instrumental
On the balcony like wassup get on my level
Spilling liquor on this California king
Singing money ain't a thing
You can charge it to my incidentals
Woo I'm on my gatsby shit
Yeah pinkies up I'm on my classy shit
Yeah one time throw your glass in the air
Cause we started from the lobby now we hereChorus:
We gon Party In A Penthouse
We might be flat broke
But for one night feel like we made it
We gon Party In A Penthouse
We all wanna know
What it's like one night to be famous
Yeah, we gon Party In A PenthouseVerse 3:
La la la la la
Everybody in the penthouse singing
La la la la la
