

Arise

Sepultura

Obs-obs-obs-cured by the sun
Apocalyptic clash
Cities fall in ruin
Why must we die?Obliteration of mankind
Under a pale gray sky
(We shall)
AriseI did nothing, saw nothing
Terrorist confrontation
Waiting for the end
Wartime conspiracyI see the world, old
(Old)
I see the world, dead
(Dead)Victims of war, seeking some salvation
Last wish, vitality
I've no land, I'm from nowhere
Ashes to ashes, dust to dustFace the enemy
Manic thoughts
Religious intervention
Problems remainObliteration of mankind
Under a pale gray sky
(We shall)
Arise
