

My Two Cents

Shane Piasecki

Throwing pennies in a wishing well
And i think to myself if only you were here right now,
i try to make believe, pretend your here with me,
if things ain't what they seem well baby we'll work it out
so come back anytime your ready ' cause i'm ready to be with you.

Chorus x 1)

i remember when you said
if it ain't broke dont fix it,
if it aint gone dont miss it,
if you believe it love then dont let them change your mind

try to find a deeper reason,
time will change through another season,
oh oh oh and on and on the story goes.

i got to the place were we used to meet,
do you ever go there to,
do you ever think of me,
oh were you mad on a hot summers dqay and it started to rain and the water fell from the sky and down your
face,
so come back anytime your ready cause im ready to be with you

(Chorus x1)

i remember when you said
if it aint broke dont fix it,
if it aint gone dont miss it,
if you beleive its love than dont let them change your mind

try to find a deeper reason time will change through another season
oh oh and on and on the story goes,
on and on the story goes

mmmmmmmmmmmm

(Chorus x1)

if it aint broke dont fix it,

if it aint gone dont miss it,
if you believe its love then dont let them change your mind

try to find a deeper reason
time will change through another season
oh oh oh and on and on the story goes
on and on the story goes

mmmmmm mmm mmmmmmm
