

Little Bit of Feel Good (LA Garage Mix)

Jamie Lidell

Just the sound of your voice
Drowning out all my noise
When you call my name mysteriously
All the source to let me see[Chorus]
Little bit of feel good goes a long way
I need your touch to get me through my day
Watching you sleeping I pray
Please don't make my feel good go awayJust a look of those eyes, cutting through my smokey skies
And the parts of me that grow from you
Cleared my vision so that I could see[Chorus]Just the smell of you hair follows me everywhere
Your sweet alchemy turned trouble to gold
Transforming it all to let me know[Chorus]Little bit of feel good goes a long way
I need your touch to get me through my day
Watching you sleeping I prayPlease don't make my feel good go away
Please don't make my feel good go away
Please don't make my feel good go awayPlease don't make it go away
