Follow You

Ben Rector

Go on, lay your troubles down
Set your feet on solid ground
Peace deep as I have found
I wanna follow youCome on, all you weak and weary
Come round now if you can hear me
Poor, sick, and God-fearing
I wanna follow you
I said I wanna follow youLeave all your trouble
Leave all your sorrow
Set down your burden
Come on and follow
Come on, heavy laden
Don't wait for tomorrow
Come on, my brother
Come on and followGo on, leave your worries, too
Not a bit of good they do
There's a word that's coming through
Go on, leave your worry, tooSo I call your name in the middle of the night
I wanna know can you hear my cries?
June heat and moonlight
I wanna follow you
I said I wanna follow youLeave all your trouble
Leave all your sorrow
Set down your burden
Come on and follow
Come on, heavy laden
Don't wait for tomorrow
Come on, my brother
Come on and followSet your burdens down
Set your burdens down
Set your burdens downLeave all of your trouble
Leave all of your sorrows
Set your burdens
Come on and followCome on, heavy laden
Don't wait for tomorrow
Come on, my brother
Come on and followCome on, my brother
Come on and followLeave all of your trouble
Leave all of your sorrows

Set down your burdens
Come on and followCome on, heavy laden
Don't wait for tomorrow
Come on, my brother
Come on and followCome on, my brother
Come on and follow
