All for One

[The Stone Roses](#)

All for one, one for all
If we all join hands, we'll make a wall
All for one, one for all
If we all join hands, we'll make a wall
All for one, one for all
If we all join hands, we'll make a wall

Inside of me, for all to see
In harmony, all designed to be
The mystery, all eyes can see
Chemistry, all one family

All for one, one for all
If we take a stand, we shall not fall

Inside of me, for all to see
In harmony, all designed to be
The mystery, all eyes can see
Chemistry, all one family

Inside of me, all over me
Behind of me, right in front of me
Inside of me, for all to see
In harmony, all one family

Inside of me, for all to see
In harmony, all designed to be
The mystery, all eyes can see
Chemistry, all one family

All for one, one for all
If we all join hands, we'll make a wall
