InsideImagine if I told you that I want you
And imagine if it all came true
Tell me what you do with me
Would you tell me that you feel the same?
Imagine if I told you that I need you
Would you say baby I need you too?
No matter what you do I know, that you should be in love with meSometimes I find myself locked in two
Secret thoughts hoping they'd come true
Sometimes at night I'd feel you lying next to me, baby
But these are things that I could never tell you
I can't imagine what you would do, after all you're so far away from me, from meSometimes it feels just like a fantasy
And I don't know what to do, 'cause it's always been like a dream to me
To find a love so true
But I know it's only make-believe
When I'm picturing me and you
But one day I know that you'll be
The one that makes my dreams come trueImagine if I told you that I want you (oh yeah)
And imagine if it all came true
Tell me what you do with me (with me)
Would you tell me that you feel the same (oh yeah)
Imagine if I told you that I need you
Would you say baby I need you too?
No matter what you do I know, that you should be in love with meThere's a feeling so deep inside
Telling me we were meant to be
Praying that some day you will come for me, for me
Till then I'm just daydreaming, thinking 'bout the way that things could be
It don't matter 'cause your still so far from me, babySometimes it feels just like a fantasy
And I don't know what to do, 'cause it's always been like a dream to me
To find a love so true
But I know it's only make-believe
When I'm picturing me and you

But one day I know that you'll be
The one that makes my dreams come trueImagine if I told you that I want you
And imagine if it all came true
Tell me what you do with me
Would you tell me that you feel the same?
Imagine if I told you that I need you
Would you say baby I need you too? (I need you)
No matter what you do I know, that you should be in love with meImagine if I told you that I want you
And imagine if it all came true
Tell me what you do with me
Would you tell me that you feel the same?
Imagine if I told you that I need you
Would you say baby I need you too? (I need you)
No matter what you do I know, that you should be in love with me (you should be in love with me)Be so far
from me yeah
How can I, keep loving you endlessly?
How can we be so far out of reach?
It's just not the way that I hoped it would beImagine if I told you that I want you
And imagine if it all came true
Tell me what you do with me
Would you tell me that you feel the same? (do you feel the same?)
Imagine if I told you that I need you
Would you say baby I need you too?
No matter what you do I know, that you should be in love with me (you should be in love with me)Imagine if I
told you that I want you
And imagine if it all came true
Tell me what you do with me
Would you tell me that you feel the same?
Imagine if I told you that I need you
Would you say baby I need you too?
No matter what you do I know, that you should be in love with me (you'll never know)Imagine if I told you that
I want you
And imagine if it all came true
Tell me what you do with me
Would you tell me that you feel the same?
Imagine if I told you that I need you
Would you say baby I need you too?
No matter what you do I know (I know) that you should be in love with meImagine if I told you that, imagine if
