## Skunk Anansie

How can your face be so angry  
When all you're doing is looking at me  
(You) chastise me for my behaviour  
It's gonna last too long  
And what am I now but your reaction  
I'm all those memories you tried to steal  
This war will never be over  
Gonna last too long You're still a fucker  
You're still a fucker  
You're still a fucker  
To me (You know) Lucifer cried when you looked at me  
And the heavens rained down  
On your acid face  
What is left now that it's over  
Shouldn't last too long Repeat chorus But it's all the same  
It is all the same  
What a life  
But it's all the same  
It is all the same  
What a life  
And I believe I belong nowhere  
Maybe there are winners (but I'm)  
Always used  
Everythings hard to discover  
When it lasts too long Repeat chorus
