

# Losing Something (Is Finding Something Else)

## The Babe Rainbow

Pack your bags, we're leaving soon

Be here now, we'll take you too

'Cross the sea, not coming back

You wouldn't believe in what you have in front of you

Back into the ocean, move

Doesn't make a lot more true

Still life comes and silver dawn draws near

Young arrow, cool breeze and blue spirit

Rose up over the mountain and looked down on the valley below

The high tide of romance that gifts to a garden

Nowhere to run but up here now, like a feeling

You've got to get your head up here

With me in the stratosphere

Teapot tone in the lover's shack

But who knows when we'll be back again?

Yeah, yeah, yeah

Merrily, we'll roam the lawn

Di doo da, di doo doo dum

Losing something is finding something else
