Yo this is T. Mills.

(Jeffree Star)
And Jeffree Star bitch

(Chorus)
She had real nice style and wings on her back, wings on her back, wi-wings on her back.
She had swag like mine and ones in her crack, ones in her crack, one-ones in her crack.
She had a real fine ass so I hit it from the back, hit it from the back, hi-hit it from the back.
And when I had that pussy, made her purr like a cat, purr like a cat, pur-purr like a cat.

(T. Mills)
I had my first stripper at the age of sixteen
Had me feeling like the club was the place to be
I swear I couldnâ€™t wait till she got off the clock
So we can go back to her spot and sheâ€™d hop on top.
Sheâ€™d be dancing to rap, but listen to rock
Weâ€™d be Fucken to kiss then Iâ€™d switch it to pop.
Sheâ€™d drive me around and pay for my shit
and I never got jealous of the dudes that she hid.
I got private dances in the VIP
Champaign room her colors working for me.
Took me in the though back so Iâ€™d chill till three.
And then when the club closed
back to her W suite.
And I thought she was so right for me
Truth be told spent every night with me
Talking on the phone never trying to fight with me.
I almost thought she would spend her whole life with me.

(Chorus)
She had real nice style and wings on her back, wings on her back, wi-wings on her back.
She had swag like mine and ones in her crack, ones in her crack, one-ones in her crack.
She had a real fine ass so I hit it from the back, hit it from the back, hi-hit it from the back.
And when I had that pussy, made her purr like a cat, purr like a cat, pur-purr like a cat.

Bitches love me like my name is Justin Bieber
Deep throat so good give every boy a fever.
Wake up in the morning feeling like P. Diddy
Why there fuck is there money in my grandmas pussy.
Legs around the pole, hickies marks on my neck.
Come say hey to my hello-kitty cervix.
Iâ€™m a rollercoaster ride, you know Iâ€™m good.
Got with adam lambert even fucked tiger woods
â€¦â€¦. What.?
My mouth is VIP
Weave like beyoncÃ©
Lips like Jay z.
I backed up to a back bender
Made you go pop.!
You Wanna lick this
Lip gloss and Lollipop
Sorry I am so dirty.
So di-di-dirty.

(Chorus)
She had real nice style and wings on her back, wings on her back, wi-wings on her back.
She had swag like mine and ones in her crack, ones in her crack, one-ones in her crack.
She had a real fine ass so I hit it from the back, hit it from the back, hi-hit it from the back.
And when I had that pussy, made her purr like a cat, purr like a cat, pur-purr like a cat.

(T. Mills)
I had I had I had those ones in my hand
You had you had you have those needs for a man
I had I had I had those bills my hand
You had you had you had those needs for a man
Youâ€™re not my girl on hush now
Love on my low-down
Youâ€™re so untamable
I just had to figure you out
Iâ€™m glad you let me figure you out
You were different from the rest of them.
Better from the rest of them
You are so untamable

Iâ€™m glad you let me figure you out
I just had to figure you out.

(Chorus x2)
She had real nice style and wings on her back, wings on her back, wi-wings on her back.
She had swag like mine and ones in her crack, ones in her crack, one-ones in her crack.
She had a real fine ass so I hit it from the back, hit it from the back, hi-hit it from the back.
And when I had that pussy, made her purr like a cat, purr like a cat, pur-purr like a cat.
