

When You're With Me

One Time Mountain

Verse 1

Somewhere between the lines of happy ever after
The story ended, let me add had another chapter, cus I'd
Hate to be left with only half the story told
I don't need a miracle, I just need you to come back homePre Chorus
Cus when you're with me
I'm always happy
I'm never broken
The way I should beSo let me love you
Just one last time through
the night, Ill be fine after
You say goodbyeChorus
If your love comes with a ransom
Then maybe I just can't pay
Now I'm on my way to the bottom
But I hope there's another wayVerse 2

Somewhere between the lines of sanity and frustration
You loved a part of me, and you made a new creation
And I'd
Hate to be left with all these angry things to say
That's not how we started doesn't have to end this wayPre Chorus 2
Cus when you're with me
I'm always happy
I'm never broken
The way I should beSo let me love you
Just one last time through
the night, Ill be fine after
you say goodbye.Chorus
If your love comes with a ransom
Then maybe I just can't pay
Now I'm on my way to the bottom
But I hope there's another way~Instrumental & Solo~Final Pre-Chorus
So let me love you
Just one last time through
the night, Ill be fine after
Just don't say goodbyeFinal Chorus
If your love comes with a ransom
Then maybe I just can't pay
Now I'm on my way to the bottom

But I hope there's another way
Show me another way I had to give my life
I couldn't pay that price
