Love-Hate-Sex-Pain

Godsmack

In this life I'm me
Just sitting here alone
By the way I tried to say
I'd be there for youWalk the silent emptiness
That leads me by my hand
And throw away
What I don't understand as a manLove-hate-sex-pain
It's complicating me sometimes
This love-hate-sex-pain
It's underestimated liesAnd I wonder as I tear away my skin
It's taken me so long to stitch
These wounds from where I've beenAnd mother please don't bury me
I'm begging for my life
It's hard to say that I would be complete
Before I dieLove-hate-sex-pain
It's complicating me sometimes
This love-hate-sex-pain
It's underestimated liesDon't you worry, please
And don't you leave me
Because I'll surely slip away
Through love-hate-sex and pain
I fall away into
Love-hate-sex and painLove-hate-sex-pain
It's complicating me sometimes
This love-hate-sex-pain
It's underestimated liesLove-hate-sex-pain
It's complicating me sometimes
