Dionysus Burning

Elliott

you feel around what they say you try to walk right down to this world dreams under cost what they say you try to walk right down to this world kissed lovers lost what they say you try to walk right down to this world you`re sold boxed and locked on time lips locked and lined is what they say you try to walk right down to this world suits under line what they say as and i clearly walk right down to this world to talk to you one last time tin covered call is mine with clicksfrom the rusted line sin colored call is mine delivered on other side butn down the river feel i diveorce your kind then i just burn down the river feel i divorce your kind feel i defalult on myself feel ive got to divorce some kind feel across myself then i finally wake up and i fanally found your kind then i sit silent for some time when i just butn down the river then i sit silent for some time
